Stand-alone Information Particulars Half year ended September 30, 2011 Quarter ended eptember 30, 2012 Quarter ended June 30, 2012 Quarter ended eptember 30, 2011 Half year ended eptamber 30, 2012 Year ended March 31, 2012 Septi Sepi (Unaudited) (Unaudited) (Audited) 138,568 (Audited) (Audited) 61,639 14,852 9,413 76,929 15,392 9,623 64,829 116,987 Total Income from operations Profit Before Tax 277,258 Profit After Tax

- The consolidated Financial Results of the Company includes share of profits in respect of an associate which is consolidated based on audited financial information available with the Management for the period upto March 31, 2012. The auditors report is qualified to that extent.

 The figures for the year ended March 31, 2012, helf year ended September 30, 2011 and Quarter ended September 30, 2011 have been regrouped and / or re-arranged wherever necessary to conform to the classification adopted in the current helf year ended September 30, 2012.
- During the quarter ended September 30, 2012, the Group has acquired an additional 3,660,456 equity shares of one of the subsidiaries, viz., North Kamataka Expressway Limited ("NKEL"), as result of which the stake of the Group in NKEL has been increased from 87.00% to 93.50%
- During the half year ended September 30, 2012, the Group has decided to amortize goodwill on consolidation pertaining to subsidiaries/jointly controlled entities (special purpose vehicles) having a definite concession period, over the balance concession period on a systematic and rational basis. The amortization charge during the half year ended September 30, 2012 amounts to ₹ 266 lakhs.
- Hitherto the amortisation of intangible assets arising out of Service Concession Arrangements was based on units of usage method i.e. on the number of vehicles expected to use the project facility over the concession period as estimated by the Management. With effect from April 1, 2012 based on notification dated April 17, 2012 Issued by Ministry of Corporate Affairs, the Company has changed the method of amortisation of intangible assets arising out of Service Concession Arrangements prospectively. Effective April 1, 2012 the amortisation is in proportion to the revenue earned for the period to the total estimated toil revenue I.a. expected to be collected over the balance concession period. Had the Company followed the earlier method, the amortization would have been higher by 6 600 lakins.
- The above results have been reviewed by the Audit Committee on November 6, 2012 and thereafter approved by the Board of Directors at its meeting held on November 6, 2012 and the results for the quarter ended September 30, 2012 have been subjected to an audit by the statutory auditors of the Company,

On behalf of the Board
