Particulars	As at December 31,		As at December 31, 2011	
(a) Provision for employee benefits.				
(b) Provision for tax (net of advance)				
(c) Proposed dividend on equity shares				
(d) Provision for tax on proposed dividend on equity shares				
(e) Provision for overlay (refer foot note no. i)		-		-
Total		-		-

Foot Note:

(i) Provision for overlay in respect of toll roads maintained by the Group under service concession arrangements and classified as intangible assets represents contractual obligations to restore an infrastructure facility to a specified level of serviceability in respect of such asset. Estimate of the provision is measured using a number of factors, such as current contractual requirements, technology, expert opinions and expected price levels. Because actual cash flows can differ from estimates due to changes in laws, regulations, public expectations, technology, prices and conditions, and can take place many years in the future, the carrying amounts of provision is reviewed at regular intervals and adjusted to take account of such changes.

Accordingly, financial and accounting measurements such as the revenue recognized on financial assets, allocation of annuity into recovery of financial asset, carrying values of financial assets and depreciation of intangible assets and provisions for overlay in respect of service concession agreements are based on such assumptions.

Movements in provision made for overlay are tabulated below:

Particulars	As at December 31, 2011	As at December 31, 2011
Opening balance		
Adjustment for new acquisition / exchange difference during the year		
Provision utilised during the year		
Provision made during the year		
Closing balance	-	-

Intangible assets under Development (refer foot note no. i)	-	-	-	-	-	-	-	-	-	-

Foot Note:

i **Estimates under Service Concession Arrangement - Right under Service Concession Arrangements / Intangible assets under Developments**

Under the Service Concession Arrangements, where the Group has received the right to charge users of the public services, such rights are recognized and classified as "Intangible Assets". Such a right is not an unconditional right to receive consideration because the amounts are contingent to the extent that the public uses the service and thus are recognized and classified as intangible assets. Such an intangible asset is recognised by the Group at cost (which is the fair value of consideration received or receivable for the construction services delivered).

Accordingly, the fair value of consideration for construction services in respect of intangible assets covered under service concession arrangements of the Group, the useful lives of such intangible assets, the annual amortisation in respect thereof, and the provisions for overlay costs have been estimated by the management having regard to the contractual provisions, the evaluations of the units of usage and other technical evaluations by independent experts, the key elements having been tabulated below.

Particulars	Upto / As at December 31, 2011	Upto / As at December 31, 2011
Margin on construction services recognised in respect of intangible assets (Rupees in million)		
Carrying amounts of intangible assets (Rupees in million)		
Amortisation charge in respect of intangible assets (Rupees in million)		
Units of usage (No. of vehicles)		
Provision for overlay in respect of intangible assets (Rupees in million)

Foot Note:**(i) Estimates under Service Concession Arrangement - Financial assets**

Under the Service Concession Arrangements, where the Group has acquired contractual rights to receive specified determinable amounts, such rights are recognised and classified as "Financial Assets", even though payments are contingent on the Group ensuring that the infrastructure meets the specified quality or efficiency requirements. Such financial assets are classified as "Receivables against Service Concession Arrangement".

Accordingly, the fair value of consideration for construction services and the effective interest rate in the case of financial assets of the Group covered under service concession arrangements included as a part of "Receivables against Service Concession Arrangements" have been estimated by the management having regard to the contractual provisions, the evaluations of the future operating and maintenance costs and the overlay / renewal costs and the timing thereof by independent experts, the key elements having been tabulated below:

Particulars	As at December 31,	As at December 31, 2010
Margin on construction and operation & maintenance and renewal services recognised in respect of Financial Assets		
Carrying amounts of Financial Assets included under Receivables against Service Concession Arrangements		
Revenue recognised on Financial Assets on the basis of effective interest method
